The Fund aims to track the performance of the Solactive 1-3 month US T-Bill Index (the "Index") before charges are applied to the Fund. It does this by investing in U.S. T-Bills which are included in the Index. If such U.S. T-Bills are not available, the Fund will invest in similar U.S. T-Bills. Investors other than Authorised Participants may not buy shares directly from the Fund but may buy and sell shares daily through an Authorised Participant. Shares may be bought from and sold directly to the Fund by Authorised Participants on each business day in accordance with the conditions detailed in the prospectus and supplement for the Fund. In exceptional circumstances, secondary market investors will be permitted to redeem their shares directly from the ICAV in accordance with the redemption procedure set out in the prospectus, subject to any applicable laws and relevant charges.
