## FinEx Global Equity UCITS ETF (the "Fund") RUB Share Class (ISIN: IE00BK224M36)

The Fund is a sub-fund of FinEx Funds ICAV (the "ICAV")

The Manager is Waystone Management Company (IE) Limited (the "Manager")

## Objectives and Investment Policy

The Fund is passively managed and aims to track the performance of the Solactive Global Equity Large Cap Select Index (the "Index") in RUB before charges are applied to the Fund. It does this by investing in shares which are included in the Index. If such shares are not available, the Fund may also invest in comparable shares with the aim of delivering the performance of the Index as closely as possible.

The Index aims to deliver exposure to equities globally and is comprised of the large-cap stocks of seven Solactive indices (Solactive GBS United States Large & Mid Cap Index, Solactive GBS China ex A-Shares Large & Mid Cap Index, Solactive GBS United Kingdom Large & Mid Cap Index, Solactive GBS Germany Large & Mid Cap Index, Solactive GBS Japan Large & Mid Cap Index, Solactive GBS Australia Large & Mid Cap Index, Solactive US Large & Mid Cap Technology Index), as well as those stocks in the FinEx Russian RTS Equity UCITS ETF, which focus on the US, US Information Technology, Japan, UK, Germany, Australia, China and Russia equity markets. The stocks are weighted using a proprietary model. Large-cap stocks are designated to be the top 82.35% of each Large and Mid-cap component of the Index, as it equates to 70% of the total free float adjusted market capitalisation of each underlying market.

Investors other than Authorised Participants may not buy shares directly from the Fund but may buy and sell shares daily through an Authorised Participant. Shares may be bought from and sold directly to the Fund by Authorised Participants on each business day in accordance with the conditions detailed in the prospectus and supplement for the Fund. In exceptional circumstances, secondary market investors will be permitted to redeem their shares directly from the ICAV in accordance with the redemption procedure set out in the prospectus, subject to any applicable laws and relevant charges.

The base currency of the Fund is USD, the base currency of the share class is RUB.

The Fund does not intend to distribute income and dividends.

## Risk and Reward Profile

*lower potential risk/rewards*

*higher potential risk/rewards*

The indicator above illustrates the position of this Fund on a standard risk/reward category scale.

This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.

The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean investment is "risk free".

This indicator is not a measure of the risk that you may lose the amount you have invested.

The Fund is rated 6 as the volatility of the Fund is high.

The indicator above does not take account of the following risks of investing in the Fund:

- Counterparty and operational risks will adversely affect the Fund in the event of the insolvency of any service provider to the Fund such as the custodian or a counterparty to a derivative contract.
- Liquidity on the secondary market could dry up during tough market conditions, which may reduce the expected price to exit the Fund.

For more information on risks, please see the section entitled 'Risk Factors' in the prospectus.
