

Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

FinEx Russian RTS Equity UCITS ETF (the "Fund") USD Share Class (ISIN: IE00BQ1Y6480)

The Fund is a sub-fund of FinEx Funds ICAV (the "ICAV")

The Manager is Waystone Management Company (IE) Limited (the "Manager")

Objectives and Investment Policy

The objective of the Fund is to deliver the performance of RTS Index (the "Index"), less fees and expenses.

The Index is a capitalization-weighted composite index calculated based on prices of the most liquid Russian stocks of the largest and dynamically developing Russian issuers with economic activities related to the main sectors of the Russian economy admitted to trading on the Moscow Exchange. It reflects the prices of trades in securities in US Dollars.

The Fund currently invests in equity and equity related securities which are components of the Index so that the Fund may replicate the performance of the Index. These equity related securities include common and preferable stocks, securities convertible into common stock, American depository receipts and global depository receipts. In addition, the Fund may also invest in equity and equity related securities which are similar in nature to the instruments that comprise the Index when the components of the Index are not available so that the Fund may replicate the performance of the Index.

Investors other than Authorised Participants may not buy shares directly from the Fund but may buy and sell shares daily through an Authorised Participant. Shares may be bought from and sold directly to the Fund by Authorised Participants on each business day in accordance with the conditions detailed in the prospectus and supplement for the Fund. In exceptional circumstances, secondary market investors will be permitted to redeem their shares directly from the ICAV in accordance with the redemption procedure set out in the prospectus, subject to any applicable laws and relevant charges.

The base currency of the Fund is USD.

The Fund does not intend to distribute income and dividends.

The Fund does not intend to enter into certain currency related transactions in order to hedge any currency exposure.

Risk and Reward Profile

lower potential risk/rewards

higher potential risk/rewards

The indicator above illustrates the position of this Fund on a standard risk/reward category scale.

This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.

The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean investment is "risk free". This indicator is not a measure of the risk that you may lose the amount you have invested.

The Fund is rated 6 as the volatility of the Fund is high.

The risk/reward profile is a reasonably accurate reflection of the risk inherent in the Fund.

The indicator opposite does not take account of the following risks of investing in the Fund:

- Counterparty and operational risks will adversely affect the Fund in the event of the insolvency of any service provider to the Fund such as the custodian or a counterparty to a derivative contract.
- Liquidity on the secondary market could dry up during tough market conditions, which may reduce the expected price to exit the Fund.

For more information on risks, please see the section entitled 'Risk Factors' in the prospectus.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest:
